ADVICE-ONLY FINANCIAL PLANNING

— THE CLIENT JOURNEY

How a client works with us.

A step-by-step walkthrough of the client experience — from the first discovery call through to final plan delivery. This is the path every client follows, and where our website, payment, and portal fit into it.

STEPS

10

SIGN-UP

Self-serve

MODEL

Advice-only

— PHASE ONE · ONBOARDING

From first call to first login.

The client discovers the fit, chooses a plan, and pays — all self-serve on our website. By the end of this phase they have a portal account and everything they need to get started.

● Client action ● We do this ● Automated by the website

1

DISCOVERY CALL

Initial meeting / discovery call

We meet the prospective client, understand their situation, and confirm we're a good fit for each other.

At the end of the call, we point them to the website: **"To get started, head to our site, choose the plan that fits, and sign up."**

2

CLIENT ON WEBSITE

Select a service offering

On our Pricing page the client picks the tier that matches their complexity — Foundation, Integrated Wealth, or Private Client — as a semi-annual retainer or a one-time plan.

They also review and electronically sign our **Letter of Engagement**, which explains our advice-only process and terms.

3

CLIENT ON WEBSITE

Set up pre-authorized debit (PAD)

The client sets up payment by **pre-authorized debit** — they accept a PAD agreement and enter their bank account details in a secure Helcim payment window.

Retainers are then debited automatically every six months. We never see or store bank account numbers — that's handled entirely by Helcim.

4

AUTOMATIC

Get login credentials

As soon as payment succeeds, the website automatically creates the client's portal account and prompts them to set their own password.

No manual setup on our end — by the time the call is over, they're already a client in the system.

— PHASE TWO · INFORMATION GATHERING

They tell us everything we need.

A welcome email guides the client into the portal, where they complete the questionnaire and upload their documents. We collect it on the back end and begin building the plan.

5

AUTOMATIC EMAIL

Thank-you email with login & next steps

The client receives a thank-you email confirming their engagement, with a link to set their password and clear directions on what to do next.

*"Please log in to your portal, select **Questionnaire**, fill it out, and upload your supporting documents. We'll pick everything up on our end and start working on your plan."*

6

CLIENT IN PORTAL

Send us their files & complete the questionnaire

Inside the portal the client works through the financial planning questionnaire and uploads statements, tax forms, and other documents directly and securely.

Everything stays in one place, attached to their file — no email attachments, no lost paperwork.

7

WE DO THIS

We start working on their plan

We retrieve the questionnaire responses and uploaded documents on the back end and begin building their comprehensive financial plan.

— PHASE THREE · PLAN DELIVERY

We deliver, refine, and finalize.

The client sees the draft, we work through it together, and we land on a final plan they understand and can act on.

8

MEETING

Draft plan meeting

We walk the client through the draft financial plan — the projections, the recommendations, and what they mean for their goals.

9

COLLABORATION

Back and forth

We refine the plan together — adjusting assumptions, answering questions, and incorporating the client's feedback until it truly fits their life.

10

MEETING

Final delivery meeting

We present the finalized plan and the clear action steps that come with it. The full report lives in the client's portal for reference any time.

From here, the retainer relationship continues — twice-yearly reviews and ongoing advice keep the plan current as life changes.

THE RELATIONSHIP CONTINUES

For retainer clients, the engagement doesn't end at delivery. Their plan stays living and current — with two meetings a year and advice between them — billed automatically every six months until they choose to cancel.
